

Transdisciplinary (TD) Research on Energetics and Cancer

JUNE 18- 23, 2017

TRAINING WORKSHOP FOR EARLY CAREER INVESTIGATORS

We are **building a diverse community of TD researchers** and invite you to apply to our new mentored program: the Transdisciplinary Research on Energetics and Cancer (TREC) Training Workshop. Funded by the National Cancer Institute and led by Yale University’s Dr. Melinda Irwin with a Senior Advisory Board and expert faculty from across the country, this program will build capacity in TD **energetics and cancer research** from a basic, clinical, and population science perspective, and is designed for early career investigators (i.e., junior faculty and postdocs). This **5-day, in residence Workshop** will be offered annually and will place emphasis on developing and applying TD competencies focused on energetics (i.e., obesity, diet and exercise) and cancer. **Expert faculty** span an array of professional disciplines, from basic scientists to clinicians to behavioral and population scientists. Formal didactic learning will be integrated with one-on-one dialog and small group discussions to enable fellows to learn from each other, from faculty, and to develop a TD network. The inaugural course will be held June 18-23, 2017 at Water’s Edge Resort, Westbrook, CT. **Costs will be covered (excluding ground transportation).**

Applications are due ~~Jan 2, 2017~~ **Jan 15, 2017 (extended)**
Notification of Intent to Apply – due Jan 2 to dlowry@fredhutch.org

For more detail and to apply, visit TRECTraining.yale.edu

New TD Training Opportunity in Energetics and Cancer!

Geared to Early Career Scientists (junior faculty and postdocs)

Expert Senior Faculty!

TD Competencies Translational Research

Don’t miss out – apply today!

Funded by NCI

Hosted by Yale Cancer Center | School of Public Health
